

Ricardo Mancho Sánchez

Dear Sir or Madame,

It is obviously difficult to resume a life in some lines. Mine, particularly, has been forged as much at schools, universities and jobs as in my own time, reading articles and books, creating, exploring buildings, exhibitions and talks and staying in contact with interesting people.

Please, do not hesitate to contact me for any extra information I could provide.

Birth — Madrid, 26 - dec - 1990

Email — contact@riqui.es

Adress — Chantada 43A, 28036 Madrid, Spain

Phone — +34 680 56 58 33

Experience

- 01/18 – [Present] *Atres Arquitectos, Madrid, Spain*
Project Architect
Took direct responsibility of several projects in Madrid:
 - 250m² English Academy
 - 4 loft-like housing
 - 23 single-family housing
 - 10-apartments building
- 01/17 – 12/17 *kamertip.com, Groningen, Netherlands*
Cofounder, Illustrator, Front-end Developer
Student housing in Groningen is in a deep crisis, and there is not a handy website to help with that. After suffering it in my bones, I joined Len Lorigj to develop a platform to help international students to find an apartment. After a rough patch with legislation and my departure of the country, the project is in this moment in a stand-by
- 07/15 – 12/17 *Freelance, Madrid, Spain and Groningen, Netherlands*
Freelance
Webdesigner, Architect and Parametric Design Expert
Designed parametric scripts and postproduced images for Lacaton & Vassal in collaboration with Idearch, developed the website of the research team at the UFV University in Madrid and participated in the initial design phases of residential buildings with Atres Arquitectos, amongst others
- 09/09 – 02/16 *SelgasCano, Madrid, Spain*
Assistant Architect
Participated in the design of the SecondHome projects of London (the extension of the existing Harbury Street project and the new one in Holland Park), created computer graphics for the new SecondHome's in Lisbon and Los Angeles
- 08/10 – 02/15 *Atres Arquitectos, Madrid, Spain*
Intermittent
Architecture Intern
Participated in the design of several housing projects, drew plans, modeled, rendered images and developed graphics for publications.
- 02/14 *Universidad Francisco de Vitoria, Madrid, Spain*
Parametric Design Lecturer
Proposed and gave a course of Parametric Design in Architecture to 40 people during a month
- 09/12 – 06/13 *Anna & Eugeni Bach + Bach Arquitectes, Barcelona, Spain*
Architecture Intern
Participated in the exhibition of the project "la casita" winner of FAD public opinion award. Collaborated in the design and representations of the Helsinki's Guggenheim Museum proposal. Collaborated in the design and development of "Las Afinitades Electivas" exhibition. Draw plans for several flat refurbishments in Barcelona
- 07/11 – 08/11 *The Facility Architects, London, United Kingdom*
Architecture Intern
Drew plans, created images and graphics, assisted in the design process

Extracurricular

I participated in several architectural workshops. For example, I took part in the site work of a **rehabilitation of a house using soil and straw** in France and participated at the **Home Back Home's project** with Pak-Man Architects & IDYS in Madrid. I also had a hand in an exhibition about urbanism and another about urban farming, both in Madrid. I did a volunteering at a prison, where I taught Autocad and Sketchup to prisoners who were studying a grade and went for 22 days to Magdala, Israel to help in an **archaeological excavation**.
